Our Program

Safe Deposit Box Inc. offers an environment where boys and young men can gather, share thoughts, ask questions and get answers to questions and situations that may cause them to veer off track. We also support our participants during developmental stages and celebratory events in their lives while they become excellent students, supportive peers, great leaders, positive role models, and upstanding men in their communities.

While in our infancy stage of programming, our reliability and commitment to our participants have opened doors to partnerships, donations, and opportunities that most young programs do not encounter.

Services

Group Mentoring, organized sports, group activities, workshops, special guest presenters, meals, transportation, home visits, field-trips, incentives, community service, volunteer opportunities, entrepreneurship training, leadership training, tutoring, computer training, linking to outside resources, structured and supervised environment.

The program will result in participants learning their own value, walking in their purpose, having confidence to encourage others, giving back to others who may face similar struggles.

Our Partnerships

- New Britain YMCA's interior provides conference rooms, classroom space, kitchen facility, staffing for sport activities, training for equipment use, and much more. In addition, they are offering discount memberships for all participants and mentors. The New Britain YMCA accommodates "ALL" of our program's needs!
- Hartford partnerships with Boy's & Girls Club and Catholic Charities consist of mentoring different age groups in their after-school programs located at various schools in Hartford (1) day per week, (1-1/2) hours per day, for (6) week sessions.
- East Hartford's location is beginning its partnership with ANT Enterprises (Affecting New Thoughts Concepts which is an Economic Youth Development training.
- Official Connecticut Urban 4-H club through UCONN Extension

Our Motto:
"Shape the future by being a MENTOR!"

Research shows children who are mentored for a year or more are more likely to stay in school, achieve better grades and have healthier relationships.

In fact, mentoring can often mean the difference between success and failure.
